"Mademoiselle, I had no sooner set eyes upon you than, mad with love, I felt my genitals drawn towards your immaculate beauty, and I found myself hotter than if I had drunk a glass of raki"

"At whose place?"

"I lay my fortune and my love at your feet. If I had you in my arms in bed, I would prove my passion for you twenty times over. May the eleven thousand virgins or even the eleven thousand birches chastise me if I lie!"

"Huh"

"My feelings are not false. I do not speak thus to all women. I am no rake"
